DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on 5/17/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application No. 10/895,356 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-11 are rejected under 35 U. S. C. 101 because the claimed invention is directed to non-statutory subject matter.

With respect to claim 1, the method does not produce a tangible result. It is unclear how the result is being stored, displayed, or used in any tangible manner. In order to overcome the rejection, claim language should be added that includes displaying, storing or conveying used in tangible results. To view the new guidelines for 35 U. S. C. 101 please view the following OG notice.

Response to Arguments

Applicant's arguments with respect to claims 1-11 have been considered but are moot in view of the new ground(s) of rejection.
